## **Reflections**

- What works well? Do you find any particular areas or aspects more challenging than others?
- Do you think joint arrangements/working have strengthened partner engagement and/or commitment?
- Have there been any new and/or unanticipated relationships or outcomes as a result of merging CJ and CS arrangements?
- Do the joint working or partnership arrangements give a stronger or broader influence in/on other partnerships e.g. the CPP, public protection?
- In our survey you said that your partnership would / would not consider expanding joint practices in future – is this still the case? Can you provide more detail as to why this is?
